MANAGEMENT DISCUSSION AND ANALYSIS

REAL ESTATE DIVISION

Fiscal year 2013 remains an extremely challenging year for the real estate business. The Company had entered into a Term Sheet dated 17th June, 2011, with Peninsula Mega City Development Private Limited for development of portion of land admeasuring approximately 62.25 acres at Plot No. 4, situated at Trans-Thane Creek Industrial Area in the villages of Ghansoli and Savali, Taluka Thane, District Thane. Efforts are on to develop/redevelop the portion of 62.25 acres of the Company's lease-hold land for, inter-alia, establishing a large-scale industry for Information Technology, Software Unit/IT Park and in this connection proposals are on for negotiations with various parties/facilitators for the development/redevelopment/sale/sub-lease so as to monetize the balance 62.25 acres of the Company's lease-hold land at Thane.

INDUSTRY OVERVIEW

Amidst slow down in economic growth, the Indian Real Estate sector continued to face a challenging environment. With an overall decline in volumes, pricing was a key issue coupled with over supply, general liquidity problem in financial markets and lack of sustained economic activity. The year 2013 remains a challenging year for the global economy with the given economic stress in Europe, high and volatile oil and commodity prices and volatile capital flows, posing significant challenges on policy level. Along with global challenges, the Indian economy faced specific challenges in the form of depreciating Rupee and high and volatile inflation.

COMPANY OVERVIEW

The various segments which may be broadly classified for Company's business are Information Technology Parks, Commercial Offices, Hospitality Projects, Malls, Banking and Financial Services, etc. whether on its own or as a joint venture/joint development or otherwise in one or more tranches in a commercially viable manner.

Along with the global scenario, the Indian economy faced many challenges, such as inflation staggering at a significantly higher level, unabated sequential increase in policy rates, slow down in the reform process, overall drop in investment climate, significant drop in demand, etc.

Company's efforts are on to develop/redevelop 62.25 acres of the Company's lease-hold land at Plot No. 4, situated at Trans-Thane Creek Industrial Area in the villages of Ghansoli and Savali, Taluka Thane, District Thane.

Strengths:

1. Significant rise in consumerism due to improvement in infrastructure facilities in Navi Mumbai.
2. Rapid urbanization.
3. Historical low cost of land
4. The Company has its presence in Navi Mumbai area since 5 decades which is fast developing. The company has huge potential to develop its realty space as desired by it.

Weakness:

1. Tight liquidity and tight credit availability for Indian Corporates/ individuals.
2. Global economic recession.
3. Fall in market demand.
4. MIDC is the Lessor of the lease-hold land held by the Company in Navi Mumbai. MIDC has stringent policies with regard to development of land, huge transfer charges and premium for the same.

OPPORTUNITIES & CHALLENGES

1. The Company has approx. 62.25 acres of land at a very low historical cost.
2. The Company has potential to develop the realty space as desired i.e. to take up development on its own or through joint venture/joint development or outright sale of land.

RISKS & CONCERNS

1. Your Company expects the current economic and business environment to stay challenging over the next few quarters.
2. General liquidity problems coupled with recessionary trends in the market may lead to stagnation of development of commercial properties.
3. Rise in VAT and Service Tax will lead to cost escalation which will slow down the demand.
4. There has been a revision in transfer charges of MIDC. As the Company has lease-hold land with MIDC, this may act to its detriment.

TRADING DIVISION

The textile market was adversely affected due to the Excise Duty structure for the Garment industry in the financial year under review. However, in the last budget, this duty has been waived and we expect a pick-up

Fixed Assets are stated at cost of acquisition or construction and include amounts added on revaluation less accumulated depreciation and impairment loss.

Fixed Assets viz. land, buildings, plant and machinery as on December 31, 1984 had been revalued on the basis of their current replacement price as on December 31, 1985 and related factors. Accordingly, they were stated at revalued cost.

(h) Foreign Currency Transactions:

Loans and Advances in the nature of loans where there is no repayment schedule or repayment beyond seven years or no interest or interest below the rate prescribed in Section 372A of Companies Act, 1956 ₹ – Nil (Previous year Nil).

- (n) The Company owns a piece of freehold land at Sewree, Mumbai admeasuring 5413.92 sq. mtrs., which was part of the land on which the Company operated a cotton textile mill in earlier years. Under the Development Plan of the Brihanmumbai Municipal Corporation (BMC), the said piece of land was under reservation as a recreation ground (RG) under the Development Control Regulations for Greater Mumbai, 1991 (DCR). Under the provisions of Maharashtra Regional and Town Planning Act, 1966, in lieu of the aforesaid reservation, the Company, at its discretion would be entitled to either the market value of the land or to Transferable Development Rights (TDR) benefits among other benefits.

As per the Notification No. TPB.432001/2174/CR-227/01/UD-11 dated June 14, 2006, issued by the Government of Maharashtra, it was clarified that in case of land belonging to cotton textile mills, the development of the mill land would be governed by DCR Rule 58(10). As per the said Rule, development of land, such as the aforesaid, need to be done in the following manner:

- a. 40% of the plot area can be developed by the Owner of the plot;
- b. 33% of the plot area needs to be earmarked for recreation ground, for which the Floor Space Index (FSI) of such earmarked plot area will be available to the Owner, and
- c. 27% of the plot area needs to be handed over to the Maharashtra Housing and Area Development Authorities (MHADA) in lieu of TDR to be issued to the Owner.

Accordingly, the Company has applied for compensatory FSI in accordance with the aforesaid DCR Rule.

Subsequently, pending disposal of the Company's application, DCR Rule 58(10) was again modified vide Notification No. TPB.4307/214/CR-41/2007/UD-11 dated May 2, 2009, clarifying that reserved lands of textile mills need to be handed over to the BMC in lieu of issue of only TDR for the entire land to the Owners. The Company, however is pursuing its earlier application with the authorities, as it had made its application before the modification to the Rule as aforesaid.

The Company, in any case is entitled for a minimum TDR relating to 27% of the plot area in both the aforesaid scenarios.

During the previous year, the Company entered into a Memorandum of Understanding (MOU) dated March 26, 2012 with Stan Plaza Limited (SPL), a wholly owned subsidiary, whereby the Company agreed to transfer the 16825 Sq. ft. of TDR relating to 27% of the plot area, as aforesaid, to SPL for a consideration of ₹ 403.80 lakhs

Note 25:

as per valuation done by expert valuers. As per the terms of the MOU, the Company, within three months of the date of the MOU, is required to obtain the Development Rights Certificate (DRC), the title document for the TDR, from the authorities and endorse the same in the name of SPL, failing which the MOU will stand cancelled. The Company is in the process of obtaining the DRC and has during the year, further extended the MOU upto November 30, 2013.

Accordingly, the Company, during the previous year, has accounted for the said consideration by credit to the Statement of Profit and Loss, which is disclosed in Note 20 (II) – “Other Operating Income”.

- (o) The Company has an investment in a wholly owned subsidiary, namely, Standard Salt Works Limited (SSWL) aggregating to ₹ **60.78 lakhs** (*Previous year ₹ 60.78 lakhs*). The Company has given unsecured loans aggregating to ₹ 832.66 lakhs as at the year-end to SSWL. Out of which loan of ₹ **782.50 lakhs** (*Previous year ₹ 782.50 lakhs*) is interest bearing and loan of ₹ **50.16 lakhs** (*Previous year ₹ 170.98 lakhs*) is interest free. As per the latest available balance sheet of SSWL, as at March 31, 2013, its net worth has been eroded. However, in view of the long-term strategic nature of the investment and the future growth prospects of the subsidiary, no provision for diminution in the value of the investment and for the unsecured loans is considered necessary at this stage.
- (p) The Company had received a letter from the Ministry of Company Affairs for getting its cost accounts for the year ended March 31, 2007 relating to its chemical products, audited by a specified cost auditor. However, since the operations at the Chemical Plant have been closed, the Company has applied to the said Ministry to withdraw the Cost Audit Order for which the reply from the Ministry is awaited.
- (q) The Company had entered into a Lease Agreement dated April 1, 1967 with Maharashtra Industrial Development Corporation (MIDC) for a term of 100 years, calculated from August 1, 1965, in respect of land admeasuring 92.25 acres located at Plot No.4, in Trans-Thane Creek Industrial Area in the villages of Ghansoli and Savali, Taluka Thane, District Thane.

Out of the above, the Company, in an earlier year, has transferred and assigned all its rights, title and interest in respect of land admeasuring 30 acres to a party for consideration.

The Company had decided to develop the balance land admeasuring 62.25 acres commercially for which the Company was examining various proposals for development. Consequently, the amount representing the net asset value (cost less accumulated amortization) of the said 62.25 acres aggregating to ₹ 2209.68 lakhs, being the lower of cost and fair value (as per valuation report), had been transferred from Fixed Assets to Property under Development in the earlier previous year in-line with the aforesaid new focus in the business of the Company. The balance amount in the Revaluation Reserve pertaining to the aforesaid land had been accordingly adjusted in the earlier previous year.

During the previous year, the Company has entered into a Term Sheet with a party for development of the aforesaid balance leasehold land on the following terms and conditions:

The Company will receive:

- (i) aggregate sum of ₹ 13000 lakhs spread over a period of five years; and
- (ii) 20% constructed IT space/area in the development.

The Company was in the process of entering into a Definitive Agreement for development of the aforesaid land and had received an advance of ₹ 1100 lakhs on this account.

However, the Board of Directors of the Company, in their meeting held on October 19, 2012, have reviewed the progress of the said understanding with the said party on account of delays in reaching the final agreement for development. The Company and the party mutually decided to terminate the aforesaid Term Sheet with effect from October 19, 2012. In pursuance thereto, the Company refunded without interest, the advance of ₹ 1100 lakhs.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

Note 1:

Significant Accounting Policies:

(a) Principles of Consolidation

The Consolidated Financial Statements relate to Standard Industries Limited ('the Parent Company') and its wholly owned subsidiaries Standard Salt Works Limited (SSWL), Mafatal Enterprises Limited (MEL) and Stan Plaza Limited (SPL), (the subsidiaries), referred to as "The Group".

The Consolidated Financial Statements have been prepared in accordance with Accounting Standard 21 on "Consolidated Financial Statements" (AS 21) issued under Accounting Standards notified in the Companies (Accounting Standards) Rules, 2006. The Consolidated Financial Statements have been prepared on the following basis:

Investments in Subsidiaries

- i) The Financial Statements of the Group have been combined on a line by line basis by adding together like items of assets, liabilities, income and expenses. Intra-group balances and intra-group transactions and unrealised profits or losses have been fully eliminated.
- ii) The difference between the cost of investment in the Subsidiaries over the Parent Company's portion of equity of the subsidiaries is recognised in the consolidated financial statement as Goodwill or Capital Reserve as the case may be.
- iii) The Financial Statements of the subsidiaries are drawn up to March 31, 2013.
- iv) Goodwill arising on consolidation is not amortised and it is tested for impairment on annual basis
- v) The subsidiaries considered in the presentation of these consolidated financial statements are:

Name	Country of Incorporation	Proportion of Ownership Interest as at March 31, 2013	Proportion of Ownership Interest as at March 31, 2012
Standard Salt Works Limited	India	100%	100%
Stan Plaza Limited	India	100%	100%
Mafatal Enterprises Limited	India	100%	100%

(b) Use of Estimates:

The preparation of the consolidated financial statements, in conformity with the generally accepted accounting principles, requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Differences between actual results and estimates are recognized in the period in which the results are known/materialize.

(c) Inventories:

Inventories of the Parent Company are valued at lower of cost and net realizable value.

In respect of SSWL, stores and tools are acquired as and when required and treated as consumed at the time of acquisition.

(d) Property Under Development:

Property under development represents leasehold land of the Parent Company converted into stock-in-trade on the basis of lower of the cost and fair value as valued by external valuers on the date of conversion [Refer Note 27(j)].

(e) Depreciation:

Depreciation is provided on Straight Line basis at the rates and in the manner specified in Schedule XIV to the Companies Act, 1956.

(f) Revenue Recognition:

Revenue from sale of products is recognised net of returns and on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods. Sales exclude sales tax and value added tax. Interest income is accounted on accrual basis. Dividend income is accounted for when the right to receive the same is established. Revenue (income) is recognized when no significant uncertainty as to determination/realization exists.

(g) Fixed Assets:

Fixed Assets are stated at cost of acquisition or construction and include amounts added on revaluation less accumulated depreciation and impairment loss.

Fixed Assets of the Parent Company viz. land, buildings, plant and machinery as on December 31, 1984 had been revalued on the basis of their current replacement price as on December 31, 1985 and related factors. Accordingly, they were stated at revalued cost.

(h) Foreign Currency Transactions:

Transactions in foreign currency are recorded at the original rates of exchange in force at the time the transactions are effected. At the year-end, monetary items denominated in foreign currency are reported using closing rates of exchange. Exchange differences arising thereon and on realization/payment of foreign exchange are accounted, in the relevant year, as income or expense.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

(i) Investments:

Current Investments are carried at lower of cost and fair value. Long-term (non-current) investments are carried at cost. However, when there is a decline, other than temporary, the carrying amount is reduced to recognize the decline.

(j) Employee Benefits:

- (i) Contributions payable to the Parent Company's Provident fund and Superannuation Fund, which is defined contribution scheme, are charged to revenue.
- (ii) The Parent Company's liability for Gratuity funds is defined benefit scheme, which is funded through Trust set-up by the Parent Company. The difference between the actuarial valuation for Gratuity and the balance in the Fund maintained by Trust as at the year-end is provided for in the accounts. In case of one of the subsidiary, SSWL, provision for gratuity is made in the accounts in accordance with the provisions of Payment of Gratuity Act, 1972.
- (iii) The Parent Company's Liability in respect of compensated absences is charged on the basis of actuarial valuation as at the year-end.

(k) Borrowing Costs:

Borrowing costs that are attributable to the acquisition, construction or production of qualifying assets are capitalized as a part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to revenue.

(l) Taxes on Income:

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to / recovered from the tax authorities, using the applicable tax rates. Deferred income tax reflect the current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future income will be available except that deferred tax assets, in case there are unabsorbed depreciation and losses, are recognized if there is virtual certainty that sufficient future taxable income will be available to realise the same. [Refer Note 27(i)].

Tax on distributed profits payable in accordance with the provisions of Section 115-O of the Income-tax Act, 1961, is disclosed in accordance with the Guidance Note on Accounting for Corporate Dividend Tax issued by the Institute of Chartered Accountants of India (ICAI).

(m) Impairment of Assets:

At the end of each year, the Parent Company determines whether a provision should be made for impairment loss on fixed assets by considering the indications that an impairment loss may have occurred in accordance with Accounting Standard (AS-28) "Impairment of Assets". An impairment loss is charged to the Statement of Profit and Loss in the year in which, an asset is identified as impaired, when the carrying value of the asset exceeds its recoverable value. The impairment loss recognised in prior accounting periods is reversed if there has been a change in the estimate of recoverable amount.

(n) Provisions and Contingencies:

Provision is recognized in the accounts when there is a present obligation as a result of past event/s and it is probable that an outflow of resources will be required to settle the obligation. Contingent liabilities, if any, are disclosed in the notes to the financial statements.

(o) Doubtful Debts/Advances:

Provision is made in accounts for debts/advances which are considered doubtful of recovery.

Out of the above, the Parent Company, in an earlier year, has transferred and assigned all its rights, title and interest in respect of land admeasuring 30 acres to a party for consideration.

The Parent Company has decided to develop the balance land admeasuring 62.25 acres commercially for which various proposals for development are under consideration. Consequently, the amount representing the net asset value (cost less accumulated amortization) of the said 62.25 acres aggregating to ₹ 2209.68 lakhs, being the lower of cost and fair value (as per valuation report), has been transferred from fixed assets to Property under Development in-line with the aforesaid new focus in the business of the Parent Company. The balance amount in the Revaluation Reserve pertaining to the aforesaid land has been accordingly adjusted in the previous year.

During the year, the Parent Company has entered into a Term Sheet with a party for development of the aforesaid balance Leasehold land on the following terms and conditions:

The Parent Company will receive:

- (i) Aggregate sum of ₹ 13000 lakhs spread over a period of five years; and
- (ii) 20% constructed IT space/area in the development

The Parent Company is in the process of entering into a Definitive Agreement for development of the aforesaid land and has received an advance of ₹ 1100 lakhs on this account.

However, the Board of Directors of the Parent Company, in their meeting held on October 19, 2012, have reviewed the progress of the said understanding with the said party on account of delays in reaching the final agreement for development. The Parent Company and the party mutually decided to terminate the aforesaid Term Sheet with effect from October 19, 2012. In pursuance thereto, the Parent Company refunded without interest, the advance of ₹ 1100 lakhs.

Dear Shareholder(s),

Sub: Payment of Dividend through National Electronic Clearing Service (NECS)

As per directive from Securities and Exchange Board of India (SEBI), the Company has been using the National Electronic Clearing Service (NECS) of the Reserve Bank of India (RBI), at designated locations, for payment of dividend to shareholders holding shares in dematerialized form. This service was extended by the Company also to shareholders holding shares in physical form, who chose to avail of the same. In this system, the investor's bank account is directly credited with the dividend amount.

Accordingly, if your bank account number has undergone a change pursuant to implementation of CBS, then:

(a) For shareholders holding shares in Dematerialized Form

Please inform details of your new bank account number to your Depository Participant (DP) and ensure that the same is duly updated in their records;

(b) For shareholders holding shares in Physical Form

If you have already opted from the company the NECS Mandate Facility (i.e. direct credit of dividend amount to your designated bank account) or the Bank Mandate Facility (i.e. where the details of your designated bank account are printed on the dividend warrant), please inform details of your new bank account number to the Company's Registrar & Share Transfer Agent, M/s. Sharepro Services (India) Pvt. Ltd., in the format mentioned overleaf.

If you have not yet opted for the NECS Mandate Facility, we urge you to avail of the same as this not only protects a shareholder against fraudulent interception and encashment of dividend warrants but also eliminates dependence on the postal system, loss/damage of dividend warrants in transit and correspondence relating to revalidation/issue of duplicate dividend warrants.

Kindly ensure that the above instructions are under your signature (which should be as per specimen registered with the DP/Registrar & Share Transfer Agent) and are communicated on or before 30th July, 2013, to facilitate receipt of dividend.

Please note that if your new Core Bank Account number is not informed as aforesaid, payment of your dividend to your old bank account number may either be rejected or returned.

Assuring you of our best services at all times.

Yours faithfully,
For Standard Industries Ltd.
